## Join Us For: "Bagels & BYOD: How to Protect Company Data on Mobile Devices"

**Thursday, July 23, 8:00 - 9:00 a.m.**

**Bagels and Coffee Provided!**

**[Click to RSVP](#)**

---

Dear Friends,

Let's talk about mobile device security, an important topic for professionals in all industries. Smartphones, tablets, and laptops help your team get work done on the go, **but are you aware of the increased legal and regulatory liability these devices introduce?** All businesses need to carefully consider measures to ensure that company data is both secure and under company control at all times, especially when they have a BYOD (bring your own device) policy for employees.

Please join us on **Thursday, July 23, from 8 to 9 a.m.** for breakfast and conversation sponsored by **3n1technology**, a service division of 3n1media. Sean Wright, 3n1's President & CEO, will give a presentation co-created with our labor attorney friends at [Constangy, Brooks, Smith & Prophette LLP](#) that empowers businesses to **leverage the power of mobile devices while managing the risks.**

We'd love for you to join us, but **seats are limited.** So please RSVP to Betsy Wright ([betsy@3n1media.com](mailto:betsy@3n1media.com)) by Tuesday, 7/21. Our office is located at **555 Church Street East, Suite 101, Brentwood, TN 37027.**

Don't miss out on this opportunity to learn, ask questions, and network with other businesspeople in the area. This event is part of 3n1's continued push to provide the community with valuable information on technology. And if you can't make it to this presentation, there are other opportunities to hear Sean speak! On 7/14, Sean will be presenting at the [Pathway Women's Business Center](#) on ways to mitigate real risks to cybersecurity. Details for that event are [available on our website.](#)

Best,

The 3n1technology Team

### **Why You Shouldn't Upgrade to Windows 10 (Yet)**

Even though the upgrade is free for many and will be available starting 7/29, business users should wait to upgrade. [Here's why.](#)

---

### **Can't Make It? Catch Sean's Presentation at the Pathway Women's Business Center on 7/14!**

Sean will join Brian Drury of Geny Insurance Agency to discuss ways to mitigate risks to business's cybersecurity. [Details are available on our website.](#)
